The Royal Sands is located at km 13.5 on Kukulcan Boulevard in Cancun Hotel Zone. The nearest golf course is the Iberostar Cancun, and for shoppers Kukulcan Plaza and La Isla Shopping Village are within walking distance. An inter-resort shuttle links The Royal Sands with the other Royal Resorts for more dining options and activities. The service is complimentary and runs during the day with departures at regular intervals from the resort motor lobby (reservations are required).

From recycling and beach cleaning to a chef's garden, switching to eco-friendly straws and glasses made from natural materials instead of plastic in its restaurants and bars, energy efficient lighting and solar panels to heat water, The Royal Sands is reducing its environmental footprint. It is certified by the Mesoamerican Reef Tourism Initiative (MARTI) for its green program and its commitment to sustainability.

The Royal Sands participates in the sea turtle protection campaign that takes place throughout the Mexican Caribbean every year. During the summer nights, its security guards patrol the beach on the look out for turtles laying their eggs in the sand. The precious eggs are moved to a corral further up the beach to protect them from predators such as seabirds and crabs, the waves and the passage of human feet. The guards watch over the nests until the eggs hatch 45 to 60 days later and then release the baby turtles at night to begin life at sea.

In 2020, The Royal Sands received the Tripadvisor Travelers' Choice award.
